

## Water Bath Shaker

### SHA-C

- ◆ Microprocessor PID control
- ◆ Digital display actual temperature
- ◆ With mechanical timer
- ◆ Good insulation performance with stainless steel roof cover
- ◆ Stainless steel interior and cover
- ◆ Universal spring clamp, use for all kinds of reagent bottle
- ◆ Can optional speed and time digital display control(SHZ-88A)

### Scope of application:

- ◆ Mainly applicable to scientific research departments such as universities and colleges, medical, petrochemical, health and epidemic prevention, environmental monitoring, etc.
